INTERNSHIP EXPERIENCE

Software Developer Intern

06/2023 – 08/2023

Sikharthy Infotech Pvt. Ltd.

- I completed a hands-on internship, receiving in-depth training in HTML, CSS, React, JavaScript, and introductory Node.js as part of a 15-member team.
- Developed a full-stack website as the final project, applying the learned technologies and demonstrating end-to-end development skills, from front-end design to back-end functionality.

EDUCATION

Jharkhand University of Technology

08/2020 – 06/2024

Electronics and Communication -Bachelors of Technology

Jamshedpur, INDIA

CGPA: 8.04

PROJECTS

AI-Enabled Blog App

- Developed an AI-powered Blog app with Google Gemini for content suggestions & ImageKit for images.
- Integrated admin panel for blog management with a fully responsive frontend.

Portfolio Website

- Developed a full-stack portfolio site with real-time messaging capabilities, allowing users to contact you directly, with data securely stored in the database.
- Integrated light and dark mode features to improve user interaction, along with code-splitting techniques to optimize load times and performance.

TaskBuddy

- Responsive To-Do List App with Local Storage Built using HTML, CSS, JavaScript, and React, this app adapts to all screen sizes and securely saves tasks using local storage, ensuring nothing is lost on refresh.
- Custom Alerts for Enhanced User Experience Users receive clean, intuitive feedback through custom alert messages for actions like adding, deleting, or completing tasks.
